Tony Gu

EDUCATION

University of British Columbia

Sept 2022 - May 2026

Combined Major in Computer Science and Business

- Main courses: Systematic Program Design; Models of Computation; Software Construction
- Extracurricular: UBC Bizchina IT associate, UBC CS tri-mentorship program, UBC SMCC Marketing Associate, UBC Biztech member

WORK EXPERIENCE

IT Associate

July 2023 - Present

UBC Bizchina

- Maintaining and continuously improving of UBC Bizchina's website, ensuring up-to-date content, user-friendly navigation, and responsive design, resulting in a more engaging online experience for club members and visitors.
- Participated the planning of an internal communication tool to streamline information sharing among UBC Bizchina members.

Head of Human Resources

May 2021 - Jun 2022

I/O LABS

- Provided transformative STEM opportunities for youth, especially dedicated towards those who are under-represented, including I/O Hack to Empower, a hackathon dedicated for female and non-binary high school students as well as monthly workshops regarding coding and robotics for free.
- Coordinated weekly meetings as well as recruitment of staff, including coding instructors as well as other directors throughout the year, as well as mentors for I/O Hack to Empower.

PROJECT

coLAB

October 2022

HTML, JavaScript, Figma

- Won the Best Presentation + Pitch Award at HelloHacks! Hackathon 2022.
- Utilized HTML and JavaScript for the back-end prototype and Figma for the front-end prototype.

PigeonPill

January 2023

HTML, CSS, JavaScript, JSON, Node.js, Arduino, C++

- Created a pill reminder app with a hardware component to dispense the pill at nwHacks 2023.
- Designed and developed a web application that would wirelessly transmit information from the web application to an Arduino Unit.

SKILLS

Programming

Java, HTML, JavaScript, CSS, Git, \LaTeX
